Timescales

Companies are usually formed electronically and take an average of 24 hours to be incorporated at Companies House from the time Oswalds receive your instructions. However, due to recent Companies Act 2006 provisions, we may have to form the company on a paper basis and send you a form IN01 for signature.

STEP ② CHOOSING THE COMPANY'S NAME

Company Name

We will check the Companies House index for an identical name only, to establish if your choice of name is available for registration. A name checking facility is also available on our website. It is unwise to choose anything too similar to an existing name as you may be required to change it at a later date.

Please note that your company name will be shown in block capitals or in upper and lower case on documentation provided by Oswalds depending on how you write it here. The name must end with "LIMITED", "Limited", "LTD" or "Ltd".

**Please note that incorporation certificates will be issued in upper case.*

Directors Service address **£411.25 per annum**

Officers of UK companies are becoming increasingly conscious of the need to keep their personal details private, especially in relation to their residential address.

Under provisions in force under the new Companies Act as of 1 October 2009, individuals who are directors will be required to file a service address for the public record. The service address may be the director's residential address, the company's registered office or another address at which the director may be contacted.

Directors can change the address that is on the public record to help keep their details confidential and Oswalds can offer the address of 24 Great King Street, Edinburgh, EH3 6QN for use as a service address.

The cost of the service is £350.00 plus VAT per company per annum and a mail forwarding charge of £1.00 plus VAT for each item received at our address is also charged. ***Please note that under no circumstances may this address be used as or be advertised as a trading or general correspondence address.**
